

Application Instructions

Woodoc Deep Penetrating Furniture Wax - Penetrating and Cleaning Liquid Wax

WHERE TO USE PRODUCT

Maintenance product for indoor use only. This penetrating product treats wood effectively in spite of the presence of waxes, oils, varnishes or sealers. Use on all types of wood. If the product is used on wooden floors, apply very sparingly as the surface can become slippery.

HOW TO USE THE PRODUCT

Apply when wood looks dry. Shake well before use. Apply with brush or cloth. In cold weather, a white sediment could appear. Warm container in a bowl of hot water until the white sediment disappears. Do not warm over an exposed flame or direct heat.

WARRANTY

Rekara Mills (Pty) Ltd warrants that this product, as consigned from our factory, was subject to strict quality assurance tests and meets durability, safety, and quality standards. The product must be used, stored and handled strictly according to the instructions and warnings provided on the container and/or any pamphlet attached thereto or made available with the product. All such instructions and warnings must be strictly adhered to otherwise Rekara Mills (Pty) Ltd accepts no responsibility for the use or performance of this product.

Gebruiksaanwysings

Woodoc Deep Penetrating Furniture Wax - Penetrerende en Reinigende Vloeibare Was

Hierdie instruksies is ook in Afrikaans beskikbaar op versoek by www.woodoc.com

IMPORTANT INFORMATION

In very dry climatic conditions apply the product freely to all inner and outer surfaces of furniture or woodwork. Where oil-based stains are suspected, test a small patch of the surface before treating. Clean brushes with mineral turpentine. **Warning: Spilling of product will stain carpets, fabric, unsealed tiles and other porous surfaces.**

IMPORTANT SAFETY INFORMATION

Keep out of reach of children. Do not drink. Ingestion can cause chemical pneumonitis. If ingested, do not induce vomiting. Immediately consult a doctor. Flammable. Do not use near direct heat or an open flame. Do not smoke or eat while using the product. Wear a suitable breathing mask when using the product. Avoid contact with skin and eyes. Wear suitable gloves when using the product. If contact with skin occurs, wash off immediately with warm water and soap. If contact with eyes occurs, rinse out immediately with lots of clean water and consult a doctor.

Application and drying of product must take place in well-ventilated area. Store in a cool, dry, well-ventilated place and away from direct heat/open flames. Product contains solvents and will smell of solvent until completely dry. Having penetrated, the product leaves no harmful residue.

Lead-free. Product is non-toxic when dry.

DISPOSAL OF THE PRODUCT

Do not throw product into drain pipes, rivers, dams or other sources of water. Do not throw product out onto ground. Use all the product before disposal of the container. Allow cloths, wet/damp with product/mineral turpentine, to dry before disposal.
