

Application Instructions

Woodoc Transit Stabilizer

Preparation free primer to protect exterior wood from manufacture to final finish.
Essential for on-site protection of wooden windows, doors, frames and other woodwork.

APPLICATION

SHAKE BEFORE USE

Apply with brush or dip clean, dry wood into Woodoc Transit Stabilizer. One thorough application as soon as possible after manufacture protects wood on-site from deterioration and contamination. For final finish, seal wood within 30 days of installation with Woodoc 30, 35, 50 or 55.

SAFETY

Flammable. Irritating to skin. Harmful if swallowed: may cause lung damage. May cause long-term adverse effects in the aquatic environment.

Keep container in a well-ventilated place. Keep away from sources of ignition – no smoking. In case of fire, use foam, dry power, CO₂ – Never use water. Avoid contact with skin and eyes. In case of contact with eyes, rinse immediately with plenty of water and seek medical advice. Wear suitable gloves. If swallowed, seek medical advice immediately and show this container or label. Use only in well-ventilated areas. Dispose of this material and its container to hazardous or special waste collection point.

Avoid release to the environment.

Gebruiksaanwysings

Woodoc Transit Stabilizer

Vorbereidingsvrye grondlaag om buitenshuise hout te beskerm van vervaardiging tot finale afwerking.
Noodsaaklik vir beskerming van houtvensterrame, -deure, -rame en ander houtwerk op bouversele.

AANWENDING

SKUD VOOR BERUIK

Wend aan met 'n kwas of dip skoon, droë hout in Woodoc Transit Stabilizer. Een deeglike aanwending so gou as moontlik na vervaardiging beskerm hout op die bouverseel teen verwerking en besmetting. Verseël hout binne 30 dae na installasie met Woodoc 30, 35, 50 of 55.

VEILIGHEID

Vlambaar. Irriterend vir die vel. Skadelik indien ingeneem: kan skade aan longe veroorsaak. Kan langdurige, nadelige uitwerking op die water-/see-omgewing hê.

Bêre en gebruik slegs in 'n goed-geventileerde omgewing. Moenie naby direkte hitte of 'n oop vlam gebruik nie. Moenie rook naby produk nie. In geval van brand, gebruik skuim, droë poeier, CO₂ - moet nooit water gebruik nie. Vermoed kontak met die vel en oë. Indien produk in kontak met vel kom, was dadelik af met warm water en seep. Indien produk in oë beland, spoel dadelik met skoon water uit en raadpleeg
